# UPS WORLDSHIP®
# INTEGRATION FOR ACUMATICA ERP

## KEY BENEFITS

### STREAMLINE UPS SHIPMENTS

Save time and make your shipment process smoother by greatly reducing manual entry. Create shipment orders in Acumatica that will be automatically pushed to WorldShip for final processing.

### MULTIPLE WORKSTATIONS

Connect any workstation that has UPS WorldShip installed. Entries from each location will feed information to WordShip and bring data back to Acumatica, such as weight, costs, and tracking numbers.

### DETAILED MONITORING

With detailed event monitoring, users can see updated import and export activity.

## AcuShip

## BY ADDING ACUSHIP TO YOUR EXISTING ACUMATICA SYSTEM,

**GAIN AUTOMATIC TWO-WAY COMMUNICATION** BETWEEN YOUR ACUMATICA BUSINESS MANAGEMENT SOFTWARE AND WORLDSHIP

**INITIATE WORLDSHIP SHIPMENTS** OF BOTH SMALL PACKAGES & LARGER FREIGHT RIGHT FROM INSIDE ACUMATICA

**AUTOMATICALLY IMPORT** COSTS, TRACKING NUMBERS, AND CONFIRM SHIPMENTS IN ACUMATICA

**INCREASE DATA ACCURACY AND TIME EFFICIENCY** BY GREATLY REDUCING MANUAL DATA ENTRY
