

# OzLINK Shipping for Acumatica

Leverage your  
Acumatica investment to  
support your logistics

## Extend Acumatica and Streamline Shipping

### 5 Things You Should Know

#### Supports All Carrier Services

OzLINK supports all carrier service options including UPS SurePost, UPS Mail Innovations, UPS Freight, FedEx SmartPost, FedEx Freight

#### Automate International Shipping

Integrate commodity data in Acumatica to streamline shipments using UPS Paperless Commercial Invoice

#### Increase Accuracy with Lower Costs

Automate shipping, cut clerical work, reduce costly errors, and enable scalability

#### Scale Your Warehouse in the Cloud

Extending to the warehouse will allow your operations team to be more productive with less effort

#### Streamline Both Small Package and Freight

Automate your all your eCommerce consumer orders and large wholesale shipments

Your company has invested in the cloud with Acumatica. Based on that success you have expanded to leverage it in your warehouse and your shipping operation. As your business expands, your add new eCommerce channels, and serve a growing customer base, your shipping is getting more complex.

With OzLINK you can streamline the pick, pack, and ship process by extending Acumatica.

### Streamline Pick, Pack, and Ship

- Automate shipping with support for UPS, FedEx, USPS, Purolator, OnTrac
- Update Acumatica real time with actual costs & tracking numbers
- Streamline batch processing with combo pack slip & shipping label
- Increase accuracy with bar code based pack validation

### Optimize Shipping Across Sales Channels

- Create branded pack slips for drop shipments on behalf of large customers
- Generate standard VICS Bill of Lading for large wholesale shipments
- Leverage batch tracking and time in transit optimization to improve customer service

### Automate Business Rules

- Select the right carrier service and options automatically
- Cut down on clerical work and reduce costly errors
- Automate third party billing, alternate return addresses, insurance, or proof of delivery
