UPLEVL FOR ACUMATICA COMBINES THE POWER OF ACUMATICA WITH CLOUD DOCUMENT MANAGEMENT AND BUSINESS PROCESS AUTOMATION
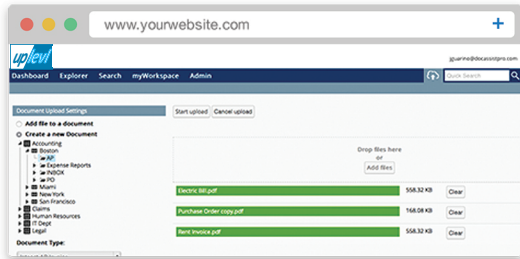

ELIMINATE PAPER & INCREASE SPEED

Scan, fax, email, upload or print documents and file to Uplevl and easily access them from Acumatica. By centralizing the capture of invoices, you can eliminate duplicate data entry and find documents easily.

FORGET MANUAL DATA ENTRY

Automate data entry by utilizing Uplevl's Zonal OCR and barcode scanning capabilities. Optical Character Recognition (OCR) technology "reads" invoices and other documents and enters key information into attributes for you. Data is sent to Acumatica to create the AP Bill, so no need to enter data twice.

SELECT ACUMATICA FIELDS FROM UPLEVL

Use drop-down menus to choose Vendor Codes, GL Accounts, Departments and other fields maintained in Acumatica. Split invoices as many times as needed and generate the AP Bill in Acumatica without ever leaving Uplevl.

IMPROVE PROCESSING OF INVOICES & PAYMENTS

Automatically route invoices and purchase orders through rules-based workflows and monitor status at all stages of your process. View related documents automatically grouped together such as invoices, POs, and receipts.

REDUCE YOUR AP PROCESSING TIME BY 40% AND GET ROI AS QUICKLY AS 2 MONTHS

Uplevl customers have been able to cut their AP processing time by 40% and see a return on their investment in as quickly as two months. Many of its customers are able to seamlessly integrate Uplevl with existing software, making their operations more efficient. Uplevl's powerful cloud document management and business process automation saves their customers time and money.

AUTOMATE ROUTING OF INVOICES WITH ADVANCED WORKFLOWS

Utilize Uplevl's powerful rules-based workflow automation and create Acumatica entries directly from Uplevl as part of a workflow.

SIMPLIFY YOUR REVIEW & AUDIT PROCESS
