

Third Party Warehouse API

SEAMLESSLY INTEGRATES 3PL'S WITH ACUMATICA ERP

Written in the xRP Framework, this module comprehensively interfaces Acumatica to warehouse management software packages. Net, from an ERP perspective, 3PL warehouse(s) interact as an Acumatica warehouse. Sophisticated web services direct orders to the correct warehouse, maintain inventory count, confirm ship method/carrier and update both tracking information and accounting.

Supports Multiple 3PL's

- **Protocol Independent.** Supports RESTful, SOAP, WSDL, EDI, XMLRPC, or any new communication technologies.
- **Configuration Toolset:** Auto-syncs orders to the correct warehouse for fulfillment per various criteria including location, product, customer, etc.

Extends eCommerce Edition for Hands Free "Book-to-Bill"

- **Workflow Enabled.** Customer Orders initiated in Web Site shopping carts flow "hands free" to 3PL for fulfillment, inventory and GL update.
- **Notification Enabled.** Use Acumatica to email tracking numbers to customers and update the website similarly.

Supports Multiple Order Types and Maintains Accurate Inventory Counts

- **Returns.** Including RMA's, Returns for Replacement and Returns for Credit and (the difficult to manage) "Undeliverables."
- **Inventory Control.** Treats 3PLs as another Acumatica warehouse with real-time updates associated with receipts, transfers and shipments.

Written in the Acumatica xRP Platform/Framework (Microsoft .NET and Visual Studio)

- **100% Acumatica.** Seamless to the application and database.
- **Compatible with Acumatica Version/Build Upgrades:** Written in xRP Framework

Outsource Warehouse Operations

- The Acumatica platform provides a cost effective means for growth without additional personnel.
- Protocol Independence provides flexibility to choose the "right" 3PL partner.

Penetrate New Markets

- Expand geographically without assuming local payroll burdens.
- Viable option for International operations.

Respond to Rapid/Same Day Delivery Demands

- Challenged by Amazon next day delivery? Fulfillment requests may be transmitted on demand to 3PL.
- Supports all the shipping options in *Acumatica* provided by the 3PL for improved customer service.

Focus on Corporate Strengths

- Outsource both Manufacturing and Warehousing.
- Focus on Design and Inventory Management, Replenishment.
