

AUTOMATING EVERY TYPE OF PAYMENT

We make B2B payments easy and automatic for any size business so Accounts Payable (AP) teams can eliminate manual processes that slow down revenue growth. We can process 100% of your global payments exactly the way you and your vendors want them.

FULLY INTEGRATED PAYABLES Automated payments. Anytime. Anywhere.

Foreign Exchange

Global payments made in over 18 countries and 140+ currencies with zero cross-border fees regardless of different issuance and settlement locations.

Virtual Card

A unique electronic credit card number assigned to each invoice or transaction, allowing for fast settlement, solid security, and perfected reconciliations.

Paper Checks

We service the printing, signing, stuffing, and postage as part of a fully automated AP experience so you can have more free time.

Proprietary Network

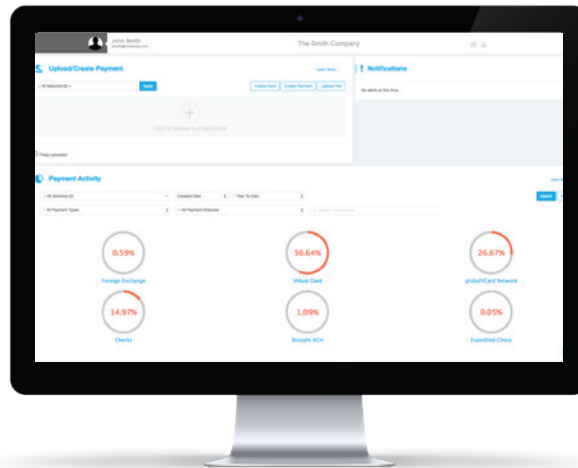

Similar to ACH, our network pushes funds directly into the vendor's bank account, but with invoice-level detail.

Mobile

Accessibility from any web-based mobile device for real-time visibility and control of your payments.

ACH

Similar to our Private Network, we can push funds straight to the vendor's bank account or drive bank-to-bank transfers.
