# eSignature Plugin for Acumatica

PLUGIN TO CAPTURE DIGITAL SIGNATURES

eSignature is an extension of the Acumatica Cloud ERP

eSignature for Acumatica gives you a hassle-free, paperless mode for capturing signatures – digitally. Signed documents can be stored on your ERP and shared with your customers, making them ESIGN & UETA compliant. eSignature offers customizations to include screens/reports that you require signatures to appear on.

KEY ASPECTS

ESIGN & UETA COMPLIANT

Signature Captures are Valid According to United States Electronic Signatures in Global and National Commerce (ESIGN) Act & the Uniform Electronic Transactions Act (UETA) if they meet the following requirements

- Intent of Each Party to Sign
- Consent to do Business Electronically
- Association of the Signature with the Record
- Record Retention & Enablement for Accurate Reproduction of the Record/Contract for Reference by All Entitled Parties
