

ACCOUNTS PAYABLE AUTOMATION

Ready for a better alternative to expensive and labor-intensive, paper-based processes? AP Automation eliminates manual processes and reduces costs by 80%, all while generating revenue on AP spend through virtual card rebates.

CHOICE & FLEXIBILITY

Automate as much of your process as you want, keeping what works and reshaping what doesn't - our solution integrates with ANY ERP or accounting system.

SPEED & EFFICIENCY

Save money and pay your vendors on time and more efficiently with multiple ePayable options to choose from.

LOWER COSTS

Lower costs with our advanced vendor portal that allows your vendors to select their preferred payment method - drastically reducing your amount of checks and generating revenue on vCard spend

CONVENIENCE

Let our remittance portal solution eliminate payment questions from payees and notify them directly when they are paid.

CONNECTION TO ANY BANK

Securely connect to any financial institution - no more logging on to multiple bank accounts to process different ePayment transactions.

Accounts Payable Simplified

2
Payment file is integrated into our 200+ Vendor Marketplace.

1
AP File is produced from your accounting platform

3
File is disbursed to bank via preferred payment method

4
Money is disbursed via payment method selected (ACH, Wire, Check, vCard)

6
We build a custom GL report and distribute it

5
We will email remittance information to your vendors

7
Monthly Rebate is disbursed

99.9% satisfaction rating

PAYMENTS BREAKDOWN AFTER AUTOMATION
