

Complete AP Automation With Tipalti

Accounts Payable for Acumatica

THE MOST COMPREHENSIVE GLOBAL AP SOLUTION FOR ACUMATICA

Tipalti Accounts Payable includes fully integrated API-based integration for Acumatica. Now you can simplify AP workflows and finally have the time to focus on what matters most to your business.

Robust Global
AP Capabilities

Multi-Entity
Management

End-to-End
Automation

Total Spend
Visibility

Built-In Tax and
Regulatory Controls

Extend to Procurement
and Expenses

Robust Global AP Capabilities

- Pay in 200+ countries and territories, 120 currencies, using 50+ payment methods
- Multi-language invoice management, capturing invoices in 145+ languages
- Global e-invoicing
- Make FX transfers between global entities and hedge FX risk
- Secure and fully regulated payment infrastructure in the US, Canada, UK, and EU

Multi-Entity Management

- Streamlined control across all business entities in Acumatica
- Configure entity-specific workflows for supplier onboarding, payments, tax, and approvals
- Consolidate spend visibility across entities, currencies, and payment methods
- Sync payment data to ERP sub-ledgers for streamlined reconciliation

End-to-End Automation

- Suppliers, invoices, and payments—all managed from one place
- Self-service supplier management
- Automated invoice capture with AI Smart Scan and auto-coding
- Two- and three-way PO-matching with automated tolerance thresholds
- Invoice approvals with AI routing and predefined workflows, plus support for email approvals

Total Spend Visibility

- Sub-ledger and entity-level financial tracking with deep Acumatica integration
- Capture spend data across entities for faster reconciliation
- Consolidate spend data from multiple entities into a unified HQ view
- Sync Acumatica-specific features, including posting periods and custom fields

Built-In Tax and Regulatory Controls

- Financial, tax, and regulatory compliance with enhanced data security and audit trails
- KPMG-approved tax engine compliant with US, UK, Canada, and EU regulations
- Collect and validate supplier tax IDs across 60+ countries and against 3,000+ rules
- Proactive fraud monitoring and sanction screening
- Platform security with SSAE 16 SOC, ISAE 3402 Type II certification, and encrypted storage

Extend to Procurement and Expenses

- Manage all procurement and employee expense workflows from one dashboard
- Process global supplier and employee payments through a unified platform
- Access unified data across Procurement, AP, and Expenses
