

## Turbo-charge your ERP deployment and Go-Live in 90 days or less

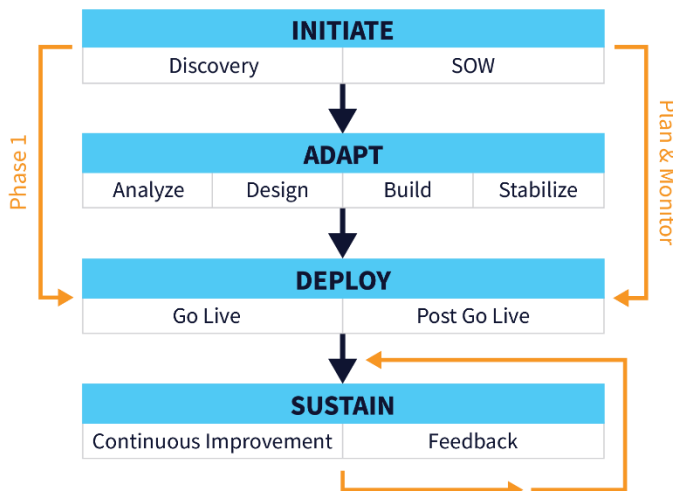

Acumatica FastTrack Deployment delivers fast time-to-value by leveraging tools and methodologies that get all facets of your business running quickly and smoothly. Give your company the capabilities of large enterprises at lower risk and cost. Preconfigured content simplifies deployment with faster user adoption. Start with what you need now, adapt, and scale your solution as you grow.

### Proven Industry-Specific Best Practices Approach

Acumatica brings to bear deep vertical skills and expertise. We leverage that knowledge base to guide you with your implementation and tailor our software to your unique business needs. Vertical Editions covered under the FastTrack Deployment are General Business, Distribution, Construction, with more to come soon.

### Powerful and Repeatable Framework

Get running on a single, integrated cloud solution to manage your entire business within 90 days. Acumatica's FastTrack Deployment leverages best practices-based templates and configuration checklists that reduce the need for lengthy requirements gathering, process definition, and customization. This approach provides core business deployment in 90 days or less. Data migration tools streamline the transfer of data to Acumatica. Pre-packaged business content—including online learning, speeds-up training, implementation, and increases user adoption.

### RAPID ACHIEVEMENTS

**Simplify:** Easily configure online and get cost estimates upfront. View personalized demonstrations of your business-specific scenarios.

**Accelerate:** Achieve fast time-to-value by leveraging tools and methodologies that get all facets of your business running quickly and smoothly with minimal total-cost-of-ownership.

**Protect:** Solutions are based on Acumatica award-winning ERP software and can be easily adapted and scaled to your changing needs. You can confidently scale and grow your business.

## Advantages of Running on Acumatica

### Work from Anywhere at Anytime

- Acumatica runs in the cloud—providing you with 24/7 system access from any location on any device

### Work the Way You Want

- Use Acumatica’s robust platform to perform sophisticated customizations, even in a SaaS environment

### Remove Obstacles to Business Growth

- Add unlimited users at the same price
- Grow your business without adding to your IT budget
- Get the latest release at no additional cost

### Get the Performance You Need

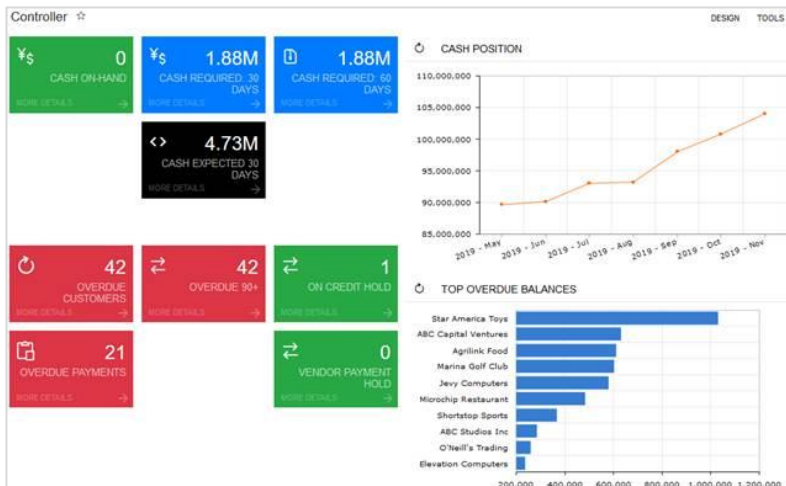

- Meet the most demanding standards of your business
- Give your employees anytime, anywhere access, from any device

### Reduce Costs

- Avoid upfront costs for all computing infrastructure, such as hardware and data servers
- Eliminate upfront software licenses by using a monthly subscription model
- Shrink IT maintenance and support costs since Acumatica handles hardware and software updates

## FASTTRACK DEPLOYMENT IS RIGHT FOR YOU IF:

- ✓ Your company needs an ERP system but finds the options complex and costly.
- ✓ You need a solution that supports your end-to-end business processes seamlessly and without complex integrations.
- ✓ You are worried about the risks and unknowns surrounding software acquisition and deployment.
- ✓ You have limited time, resources and expertise to evaluate the many hardware choices needed to run the software.
- ✓ You are concerned that long deployment times will drive up costs and reduce your calculated ROI.
