**RISKS WITHOUT ERP**

- Unable to spot and resolve revenue-harming sales issues.
- Lack visibility into the evolving sales pipeline and deals.
- Struggle to grow sales because you cannot scale up opportunities.
- Launch unsold marketing campaigns that lack solid leads and result in dwindled sales and revenue.

**ERPs RWARDS**

- Optimize and integrate processes to boost profitability.
- Increase customer satisfaction by spotting and addressing issue fast.
- Monitor company performance with real-time tracking and personalized dashboards.
- Use Low-Code/No-Code tools to connect to new technologies with minimal coding.

**COMPETITIVE EDGE**

- Acumatica allows me to focus more on the business rather than wandering where to find information, knowledge to power the question you can get to know the level of openness, you are Acumatica allows me to uncover unique points of quality. The time-saving is significant. I can now do reports that follow everything rather than wasting time manually tracking things on Excel and using a calculator.

**ABILITY TO CAPITALIZE ON OPPORTUNITIES**

- Acumatica has undoubtedly supported SEACOM’s rapid expansion. We’ve deployed Acumatica to several acquired companies in the last five months, so we know we can easily get new companies up and running on the platform very quickly.

**OPERATIONAL EFFICIENCY**

- Automate manual operations and end-to-end sales and marketing workflows equipped with artificial intelligence and machine learning.
- Integrate disparate systems and workflows.
- Access real-time insights to analyze the sales pipeline and support pending deals.
- Use Low-Code/No-Code tools to connect to new technologies with minimal coding.
