

The Acumatica *See the Difference* Migration Plan

Modernize beyond Sage 100-Without the big spend

Key business benefits

- Accelerate results with a structured, automated process that completes most of your implementation and cuts costs.
- Evaluate fit confidently with a six-month, risk-free trial.
- Gain executive visibility with clear scope, milestones, and measurable outcomes.
- Accelerate adoption with role-based training and guided enablement.
- Build a solid foundation with an adaptable, growth-oriented cloud ERP solution.
- Sustain momentum after go-live with ongoing support and training to keep your team empowered and business moving forward.

Your Sage 100 Data, Running in a Modern System

You know how Sage 100 works. Now see what *better* looks like. Outdated legacy systems hold your business back with hidden costs, isolated data silos, and stalled growth. We believe you deserve technology that partners with your ambition. That's why we've removed the traditional obstacles to upgrading your core business management software.

No migration. No disruption. No long implementation. With ***See the Difference***, you have an unparalleled opportunity to experience a leading cloud ERP solution firsthand. We provide a six-month trial using your real business data—not generic samples—so you can clearly see the tangible impact on your operations.

See the Upgrade—Without Doing the Upgrade

We understand that transitioning systems can feel daunting, so our dedicated migration experts handle the critical work for you. To show you exactly how this works, we created a flagship opportunity to experience the power of modern technology with virtually no risk. With this program, you'll receive:

- Your Sage 100 data loaded into a modern system
- Structured curriculum focused on key workflows

Your data transformed and ready in a modern system—fast. We handle the heavy lifting to securely migrate your financials, customers, and vendors in just days, empowering you to leverage your data and gain critical business insights immediately.

“Before Acumatica, our processes were manually intensive, error-prone, and not sustainable in a growing business.”

– Randy Giesecking, President, Safety Management Group
