

Your Sage 100 Data, Running in a Modern System

You know how Sage 100 works. Now see what **better** looks like.

No migration. No disruption. No long implementation.

The Acumatica “See the Difference” migration plan provides a clear path to business transformation. Outdated legacy systems hold your business back with hidden costs, isolated data silos, and stalled growth. We believe you deserve technology that partners with your ambition—that’s why we’ve removed the obstacles to upgrading your core business management software.

“We believe you deserve technology that partners with your ambition”

When you join the plan, you owe us nothing upfront beyond your willingness to try a future ready, cloud based ERP solution. We set up a nearly complete Acumatica instance using your actual data and give you six months to test it in a secure, real world environment.

See the Upgrade – Without Doing the Upgrade

We designed this transition to be seamless for Sage 100 customers. The process costs nothing and requires minimal effort from your team. To show you exactly how it works, we created our flagship offer.

The “See the Difference” Experience

Experience the power of modern technology with minimal risk. Through this program, you receive:

- **Exclusive access to software:** Test-drive six months of free software, complete with your own data.
- **Your data, in a modern system—ready fast:** We automate the heavy lifting to securely move your financials, customers, and vendors in just two to three days.
- **Targeted enablement and training:** Accelerate day-one productivity with role-based, self-paced training designed for finance, operations, and leadership teams.

Is a Modern ERP Solution Right for You?

If you rely on legacy software, you're likely facing stalled growth and complex manual workarounds. Growing businesses need agile tools to thrive. Transitioning to the Acumatica cloud ERP solution can change your organization's trajectory.

- ✓ **Unify Data Access:** Break down silos and connect departments for real time collaboration and faster decision making.
- ✓ **Automate Regulatory Compliance:** Streamline tax, audit, and regulatory reporting to reduce errors and save time.
- ✓ **Deliver Real Time Insights:** Access up to the minute data and actionable analytics to guide smarter decisions.
- ✓ **Enable Mobility and Remote Work:** Support secure, cloud based access from any device, anywhere.
- ✓ **Scale Effortlessly:** Grow without costly infrastructure upgrades or added administrative overhead.
- ✓ **Enhance Cost Efficiency:** Reduce operational costs with automated workflows and flexible subscription pricing.

What Happens After the Trial?

During your six month trial, you receive a free software subscription and hands on stakeholder validation to confirm scope before committing to a full conversion.

When you're ready to move forward, transitioning to a paid plan is simple. We offer flexible purchasing options, including resource based pricing that scales with your usage. You'll get transparent pricing with no hidden fees, along with ongoing support to drive continuous improvement.

Low cost. No pressure. Just a better way to run your business.

Make the Move Today

See your data in a better system. Unlock deeper insights and streamline operations with an ERP solution built for you. Experience how modern technology can open new opportunities for growth and success.

Learn more and modernize beyond Sage 100—without the big spend.

Acumatica Cloud ERP is a comprehensive business management solution that was born in the cloud and built for more connected, collaborative ways of working. Designed explicitly to enable small and mid-market companies to thrive in today's digital economy, Acumatica's flexible solution, customer-friendly business practices, and industry-specific functionality help growing businesses adapt to fast-moving markets and take control of their future.
