(a)	All information documenting how, if at all, a "carbon neutral," "net zero emission," or other similar claim was determined to be accurate or actually accomplished, and how interim progress toward that goal is being measured. This information may include, but not be limited to, disclosure of independent third-party verification of all of the entity's greenhouse gas emissions, identification of the entity's science-based targets for its emissions reduction pathway, and disclosure of the relevant sector methodology and third-party verification used for the entity's science-based targets and emissions reduction pathway.	For calendar year 2025, we purchased credits labeled under the ICVCM Core Carbon Principles equal to 100% of Acumatica's Scope 1-3 emissions, and separately purchased credits equal to 100% of attendee travel emissions for our annual Summit. In our 2026 ESG Report, company emissions are reported on page 24, Summit emissions on page 21, and credit purchases on page 25. Acumatica is Climate Label Certified by The Change Climate Project, an independent nonprofit, which reviews our measurement, reduction efforts and credit purchases annually.
(b)	Whether there is independent third-party verification of the company data and claims listed.	Acumatica's GHG Verification is 3 rd party verified.
